

Welcome to Gisburn Forest and Stocks in the Forest of Bowland AONB

You'll encounter beautiful broadleaved and mixed conifer woods, magnificent hay meadows, amazing views and invigorating activities for all!

Designated in 1964 and covering 803 square km of rural Lancashire and North Yorkshire, the AONB provides some of the most peaceful and remote walking and cycling in the country. For further information, including a year-round calendar of events visit www.forestofbowland.com

There are two main destinations to head for in this area, depending on your interests, both with pay and display car parks. The Hub also has a café and toilet facilities:

Gisburn Forest Hub – if mountain biking is your thing, all trails start from Gisburn Forest Hub. As well as the

marked trails there is a skills loop at the Hub to test out the grades before you set off on your venture. There is also an easy access walking trail that links to further walks from Stocks Reservoir and a family-friendly themed short walking trail starting from the café.

Stocks Reservoir Car Park – this is the perfect spot to start your walk – from an easy access trail to a longer reservoir circular walk, and if you have a passion for wildlife there are fantastic bird watching opportunities from the two hides, a short walk from the car park. There is also a lovely picnic area close to the car park with great views across the reservoir.

Explore

Get Closer to nature and explore the restored traditional wildflower meadows from the Hub with the 'Linking the Meadows' trail, or from the village of Slaidburn to see the magnificent Bell Sykes Hay Meadows – the county's designated Coronation Meadow - best visited in late June/early July.

Heritage Highlights - at Stocks Reservoir car park you can see the foundations of the original St. James' Church, which was part of the village of Stocks-in-Bowland in the parish of Dale Head. Five hundred people were living in the parish when it was established in 1872. The village and church were demolished during the construction of Stocks Reservoir in the early part of the 20th century and the church re-built in 1938 further along the road. You can find out more about the work to uncover the church footprint on the information panels in the car park.

© Graham Cooper

Wildlife for all Seasons – Stocks Reservoir is a haven for wildlife - there are a range of woodland and upland birds, wildfowl and waders. In winter watch the spectacular starling displays or perhaps encounter a passing osprey or the massed toad spawning in spring. In the summer months head to the Hub and check the pools near the centre for dragonflies and damselflies.

For young wildlife spotters, download the seasonal quizzes from our website www.forestofbowland.com/Family-Fun

© Stocks Reservoir Fly Fishery

Bowland by Night - The landscapes of the Forest of Bowland are captivating by day but after the sun sets there's a whole new world to discover in the dark skies over Bowland, and there's no better place to admire the Milky Way than from the Hub. Gisburn Forest Hub is a designated Dark Sky Discovery Site, so the perfect spot for star gazing. For details of star gazing events from the Hub visit www.forestofbowland.com/stargazing

Fishing - Stocks Reservoir Fly Fishery offers the perfect location for a peaceful day fishing – hire a boat and fish for trout. For further information visit www.stocksreservoir.com

Wild brown trout is also available on Bottoms Beck in an angling passport scheme operated by the Ribble Rivers Trust. For further information visit <http://ribbletrust.org.uk/go-fishing/>

Fantastic cycling & walking in the Forest of Bowland AONB
EXPLORE
GISBURN FOREST & STOCKS

Cycle

Silently travelling around this area of outstanding beauty under your own power coming across hidden gems around every corner; this truly is a spectacular area for biking enthusiasts of all types and levels.

© Forestry Commission

The Roses Border Ride - a majestic circuit on quiet lanes either side of the Lancashire and North Yorkshire border. It includes the challenging yet beautiful climb over Keasden Moor, offering some of the best views in either county. Or try the 49km challenging **Salter Fell & Cross O'Greet Circular** - this route offers a wonderful way to experience the grandeur of the moorland of northern Bowland, topped and tailed by

two quintessential Bowland villages - Slaidburn and Wray. For road routes visit www.forestofbowland.com/cycling

Gisburn Forest Mountain Bike Trails – Gisburn Forest offers fantastic mountain biking opportunities along a variety of colour graded trails, suitable for more experienced riders with trails ranging from moderate to extreme. For further information see map or visit: www.forestry.gov.uk/gisburn

Walk

Lace up your boots and head to Stocks Reservoir Car Park to start a variety of walks. The first four routes are all waymarked from the car park:

- **Birch Hills Trail (White)** – 2.1km easy access trail with access to the bird hides and the picnic area. This trail has been adapted to be Trampler friendly.
- **Eggberry Trail (Green)** – 3.5km moderate walk following in part, an old farmstead track with views over the ancient woodland of Park Wood.
- **Dale Head Ramble (Orange)** – 5.3km strenuous route, up and over Swin Shaw Top, then along the banks of Bottoms Beck.
- **Stocks Reservoir Circular (Blue)** – 13km circular route which climbs above the reservoir, providing expansive views of the wider Bowland landscape before descending to complete a circuit of the reservoir.
- **Linking the Meadows Walk** – 5.8km circular route from Gisburn Forest Hub car park to St James Church and the meadows at Black House Farm. Identify yellow rattle, meadow buttercup, red clover, eye bright, crested dog's tail and sweet vernal grass in these species rich meadows.
- **Bell Sykes Hay Meadow Walk** – 3.3km route starting from Slaidburn village car park. The flower rich meadows at Bell Sykes are designated as Sites of Special Scientific Interest (SSSI) because of the wide variety of meadow species that they contain. This set of meadows is one of the most important in Lancashire, due to the large number of fields all in one place.

To download both of the above meadow walks visit www.forestofbowland.com/walking

Explorer Top Tips

© Jon Sparks

- Equip yourself with OS Explorer Map 41 – Forest of Bowland & Ribblesdale – to navigate your way around the area
- While the remoteness and peacefulness of the Forest of Bowland is one of its assets, it does mean that it is not always well served by public transport. There is a bus network that links certain towns and villages but as these services are liable to change, it is advisable to look at Lancashire County Council's website for further information www.lancashire.gov.uk
- Bike and Trampler hire are available at the Gisburn Forest Hub Café
- If you've enjoyed your visit and would like to give a little back – Champion Bowland is a charity which works to enhance the outstanding landscape of the Forest of Bowland AONB. It does this by raising funds from visitor donations and charitable activity; and these funds are then awarded to local projects that benefit the environment, local communities and visitors. Donate online at www.championbowland.org.uk or look out for the donation boxes in local businesses.
- Have a look at the Festival Bowland Programme with events that run throughout the year. There are numerous guided walks, star gazing and hay meadow events in the Gisburn Forest area www.forestofbowland.com/Festival-Bowland-Events

Further Information

Gisburn Forest is a working and dynamic forest created and managed by the Forestry Commission. Please follow the Country Code and Forest Code:

- Guard against all risks of fire
- Protect and respect wildlife, plants & trees
- Keep dogs under control and tidy after them
- Take your litter home
- Make no unnecessary noise
- Take only memories away

For further information visit www.forestry.gov.uk/gisburn

Stocks Reservoir is part of United Utilities Bowland Estate and much of the land around the reservoir forms part of a valuable water catchment area. The reservoir supplies drinking water and it is important to safeguard this supply.

For more information about the Forest of Bowland AONB visit www.forestofbowland.com or stay in touch via [twitter](https://twitter.com/forestofbowland), [facebook.com/bowlandaonb](https://www.facebook.com/bowlandaonb) Tel: 01200 448000 Email: bowland@lancashire.gov.uk

For other information about places to stay and visit in the area contact local Visitor Information Centres:

- **Bentham** – Town Hall, Station Road, LA2 7LH Tel: 01524 262549
- **Clitheroe** – Platform Gallery & Visitor Information Centre, Station Road, BB7 2JT Tel: 01200 425566
- **Settle** – Town Hall, Cheapside, BD24 9EJ Tel: 01729 825192
