

## Ducking and diving, weaving and skiving..a mill working life Wed 28th Feb

**A talk by Ribchester's  
premier part-time poet,  
raconteur, fisherman and  
for 40 years full-time worker  
at Bee Mill. Venue: upstairs  
at the Black Bull  
Ribchester, 8pm**

Roger Dolphin, an innocent youth,  
started work at Banister's Bee Mill in  
1959. Over the next 40 years he  
learned the trades - weaving,  
tackling and fettling. He also  
received a far reaching general  
education in the ways of work and  
occasional mischief. Roger will be  
spinning some yarns to entertain  
and inform us - *not for the faint  
hearted or easily offended!*

Refreshments provided.  
Members and non-members  
welcome.

***Part proceeds to Ribchester Field Day***
