Description

This walk starts at the car park outside Hurst Green village hall, which has an honesty box.

Hurst Green is a small village but boasts 2 pubs, the Bayley Arms and The Shireburn Arms. The 18th century Hurst Green economy was helped by four bobbin mills, all powered by the rapid waters of Dean Brook.

Stonyhurst College in Hurst Green is also worth a visit - a world famous Roman Catholic boarding college and splendid St Peter's Church. The magnificent buildings are set in extensive parkland with two huge ponds that were excavated in 1696. This route skirts the edge of Stonyhurst.
