You are responsible for arranging all relevant consents, permissions, exemptions and written advice needed for your application. You will not be offered an agreement without all the necessary consents and permissions being in place.

To make sure you submit a valid application:

- identify the consents and permissions you need as soon as you start your application. This will depend on any designations attached to the land included in the application and on the activities and items that you are applying for in your application. You can speak to your farm engagement officer for advice on this.
- contact relevant organisations for advice and consents, where required
- be able to provide your Protected Landscape with the evidence needed to support your application.
